JUNE 22, 2026
12:00 - 1:30 PM
Virtual Event

OBJECTIVES:

1. Appreciate the value of curiosity and creativity in sustaining a career in academic medicine.
2. Implement daily digital practice as an exercise in awareness, self-reflection, and community to support flourishing.
3. Engage with visual art to enhance curiosity and compassion, increasing effectiveness in managing challenging interactions and enhancing career sustainability.

This event is sponsored by the Office of the
Vice Chancellor for Faculty Development, M. Maral Mouradian, MD
