

Evidence Based Mentoring: EB Mentoring

This event is sponsored by M. Maral Mouradian, MD Vice Chancellor
for Faculty Development

May 3, 2022
12pm-1pm

We all sense the importance of mentoring, and many of us can attest to the benefits of having good mentors and receiving effective mentorship. Does the literature support this perception? Are there data-driven best practices in mentoring? This seminar will present evidence based mentoring and share how to achieve those goals and overcome barriers.
